2021 OHIO LGBTQ+ HEALTH PROVIDER GUIDE

This guide was created to connect lesbian, gay, bisexual, transgender, and queer community members with health and social service providers who are committed to providing LGBTQ+ centered care. Providers listed are those that answered "Yes" to at least one of the following questions, in response to a survey distributed by the Equitas Health Institute:

PROVIDER COLOR KEY:

-  **Has had LGBTQ-specific cultural competency training.**
-  **Uses LGBTQ-inclusive language on forms and paperwork.**
Paperwork provides space for patients to indicate their relationship status as partnered, differentiate between their sex and gender, and indicate preferred name and pronouns.
-  **Provides LGBTQ-specific education materials.**
-  **Provides Trans-specific services.**
-  **Has had LGBTQ-specific cultural competency training with Equitas Health Institute.**
-  **Offers telehealth services.***

Tips for using this guide:

Some providers, particularly specialists, require referrals in order to be seen. In the event you are attempting to make an appointment without a referral, it may be helpful to explain that you identified the provider through the 2020 Ohio LGBTQ+ Health Provider Guide. This guide is to be used as a reference only, Equitas Health makes no assurances about any providers listed. All information is based on self-reported information gathered by each individual provider.

*Services may vary based on existing patient status and additional factors, please contact provider for details.
