INSTITUTE FOR LGBTQ HEALTH EQUITY

OHIO LGBTQ HEALTH RESOURCE GUIDE

This guide was created to connect lesbian, gay, bisexual, transgender, and queer community members with health and social service providers who are committed to providing LGBTQ-centered care. Providers listed are those that answered “Yes” to at least one of the following questions, in response to a survey distributed by the Equitas Health Institute for LGBTQ Health Equity:

PROVIDER COLOR KEY:

- **Has had LGBTQ-specific cultural competency training.**
Have you received any LGBTQ-specific competency training?
- **Uses LGBTQ-inclusive language on forms and paperwork.**
Does your paperwork provide space for patients to indicate their relationship status as partnered, differentiate between their sex and gender, and indicate preferred name and pronouns?
- ▼ **Provides LGBTQ-specific education materials.**
Does your office have any visible or available educational/supportive materials printed specifically for the LGBTQ community?
- ★ **Provides Trans-specific services.**
Do you provide trans-specific services?

Tips for using this guide:

Some providers, particularly specialists, require referrals in order to be seen. In the event you are attempting to make an appointment without a referral, it may be helpful to explain that you identified the provider through the 2017 Ohio LGBTQ Health Provider Guide. This guide is to be used as a reference only, Equitas Health makes no assurances about any providers listed. All information is based on self-reported information gathered by each individual provider.

If you have questions about the guide, or if you would like to be included in future versions of the guide, please contact Ramona Peel at ramonapeel@EquitasHealth.com.

A downloadable version of this guide may be found at equitashealthinstitute.com.
